West Virginia Nazarene Camp

**West Virginia Nazarene Camp
Camper Policy Agreement Form 2025**

Church Camp Cell Phone Policy

While we cannot technically ban cell phones, we do strongly suggest you leave cell phones and all other electronic devices at home. This is for the protection of the camp and the campers. While we do understand the positives of having such a device with them, we also understand that these devices open a myriad of pitfalls as well.

VALUABLES:

Cell phones are expensive and can get lost or stolen. In addition, the physical camp environment is not kind to such items.

TEXTING:

We also understand that for many teens, increasing numbers of younger children, texting is a favored means of communication. We certainly are not against the form of communication outside of camp. At camp, however, another goal of the camp experience is to connect with other people face to face and nurture the art of interpersonal communication. Texting friends outside of camp during the camp session, impedes the ability of campers' freedom to truly benefit from this special aspect of camp and the process of building these new friendships. By leaving cell phones at home, this does not become an issue.

DIGITAL PHOTOGRAPHS:

Another drawback of having cell phones at camp is the built-in camera. As with schools, there are camps around the country where children have secretly taken inappropriate photographs of other campers or staff members and displayed them publicly. While we do not ban digital cameras, we do not recommend bringing them to camp. Please help us maintain a safe environment by explaining this to your child. You should know that any camper that takes a compromising photo of another staff member and makes it public in any way may be subject to dismissal from camp and may not be allowed to return. If the law is broken, the appropriate authorities will be notified. This includes websites like, but not limited to, youtube.com, and facebook.com.

COUNSELOR CELL PHONES:

Counselors will have cell phones in case of emergencies so that campers don't have a need to carry them.

IPOD TOUCH, IPODS and MUSIC/VIDEO STORAGE DEVICES:

We maintain a policy restricting the use of iPods and other types of music and video data storage devices at camp. Due to the capability of such devices to access the internet, download and store, in a private manner, easily available sexually explicit, degrading, foul and vulgar content, they are inappropriate for use at camp. In addition, it is our aim to promote activities, whether formally planned, informal, or spontaneous during free time, that are inclusive, and group oriented rather than exclusionary for private personal use or benefit.

Cell Phone or Other Electronic Device Policy Agreement Form

I understand this policy about bringing a cell phone or other electronic device to camp.

Signature of Camper: _____ Date: _____

I have read the above cell phone policy and agree to the guidelines stated, including that the cell phone and or other electronic devices will be taken if they are misused or become a distraction; to be returned at the conclusion of Camp if the policy is violated. I understand that if there is an emergency, I may contact the camp at the phone numbers listed in the camp packet.
